- Focusing on the front door: following up our first-year pathway taskforce recommendations by creating frameworks for scaling effective orientation and assessment;
- Creating, supporting, and providing resources for effective models to accelerate student completion of developmental sequences in math, English, and ESL;
- Developing and scaling user-friendly data tools that will inform and drive efforts to close achievement gaps across the LACCD;
- Increasing opportunities to engage in robust professional development, including FTLA, focused on aligning and promoting our student success agenda.
